

This is an important notice from Liberty, your water provider

August 10, 2026

Out of an abundance of caution, due to the recent weather-related power outage impacting Liberty's water plant, we are issuing a **boil water advisory** for all customers impacted as a precaution.

We request that you boil your tap water or use bottled water for consumption.

If you use tap water, follow these three steps:

1. Bring the water to a **rolling boil**.
2. **Boil for at least three minutes.**
3. Allow the water to cool before using.

Please continue to follow these guidelines until you receive an update from Liberty. We will notify you as soon as the water is safe for consumption without boiling.

For the latest updates and information, visit our website at <https://libertyutilities.com/sv/water-safety/> or call us at 1-844-367-2030.

Thank you for your cooperation and understanding.
